

Sapio Presents at Affymetrix Core Directors Meeting

March 4, 2005, Sapio Sciences presents:

Making Discoveries with Exemplar, Sapio Sciences Genotyping Analysis Suite.

On March 4th at the Affymetrix Core Lab Directors Symposium 2005 in New Orleans, Richard A. Leach, Ph.D. demonstrated the analysis software and discussed the underlying technology of the artificial intelligence algorithms.

Sapio was invited to present Exemplar at the Affymetrix sponsored event as an official 3rd-Party Software Provider for the company.
